MANAGEMENT'S DISCUSSION AND ANALYSIS

For the Year Ended March 31, 2007

As management of Lodi Township, Washtenaw County, Michigan, we offer readers of Lodi Township, Washtenaw County, Michigan's financial statements this narrative overview and analysis of the financial activities of Lodi Township, Washtenaw County, Michigan for the fiscal year ended March 31, 2007. We encourage readers to consider the information presented here.

Financial Highlights

- The assets of Lodi Township, Washtenaw County, Michigan exceeded its liabilities at the close of the most recent fiscal year \$2,907,707 (net assets). Of this amount, \$2,175,061 (unrestricted net assets) may be used to meet the government's ongoing obligations to citizens and creditors.
- The government's total net assets increased \$149,595. This increase is attributable to investment income of \$125,252.
- As of the close of the current year, Lodi Township, Washtenaw County, Michigan's governmental fund reported an ending fund balance of \$2,254,145, an increase of \$143,652 in comparison with the prior year.
- At the end of the current year, unreserved fund balance for the General Fund was \$2,175,061 or 214 percent of total General Fund expenditures.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to Lodi Township, Washtenaw County, Michigan's basic financial statements. Lodi Township, Washtenaw County, Michigan's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The government-wide financial statements are designed to provide readers with a broad overview of Lodi Township, Washtenaw County, Michigan's finances, in a manner similar to a private-sector business.

The statement of net assets presents information on all of Lodi Township, Washtenaw County, Michigan's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of Lodi Township, Washtenaw County, Michigan is improving or deteriorating.

The statement of activities presents information showing how the government's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes).

The government-wide financial statements can be found on pages 3-4 of this report.

Fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Lodi Township, Washtenaw County, Michigan, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of Lodi Township, Washtenaw County, Michigan can be divided into two categories: governmental and fiduciary funds.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

Lodi Township, Washtenaw County, Michigan adopts an annual appropriated budget for all funds. A budgetary comparison statement has been provided for the major governmental fund to demonstrate compliance with budget.

The basic governmental fund financial statements can be found on pages 5-6 of this report.

The basic fund financial statements with budget can be found on pages 7 - 8 of this report.

Fiduciary Fund. The Fiduciary Fund is used to account for resources held under tax collection activity. The Fiduciary fund is *not* reflected in the government-wide financial statement. The accounting used for the Fiduciary Fund is much like that used for Proprietary Funds.

The basic fiduciary fund financial statements can be found on pages 9-10 of this report.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 11 - 21 of this report.

Government-wide Financial Analysis

As noted earlier, net assets may serve over time as a useful indicator of a government's financial position. In the case of Lodi Township, Washtenaw County, Michigan, assets exceeded liabilities by \$2,907,707 at the close of the most recent fiscal year.

A portion of Lodi Township, Washtenaw County, Michigan's net assets (7 percent) reflects its investment in capital assets (e.g., land, buildings, equipment), less any related debt used to acquire those assets that is still outstanding. Also, 16 percent of net assets represent the Township's investment in the Saline Area Fire Department. Lodi Township, Washtenaw County, Michigan uses these capital assets to provide services to citizens; consequently, these assets are *not* available for future spending. Although Lodi Township, Washtenaw County, Michigan's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

Lodi Township, Washtenaw County, Michigan's Net Assets

		nmental vities
	2007	<u>2006</u>
Current and other assets	\$ 2,315,114	\$ 2,171,484
Capital assets	199,349	197,848
Investment in joint venture	454,213	449,771
Total assets	<u>\$ 2,968,676</u>	<u>\$ 2,819,103</u>
Other liabilities	<u>\$ 60,969</u>	\$ 60,991
Total liabilities	\$ <u>60,969</u>	\$ <u>60,991</u>
Net assets:		
Invested in capital assets		
and joint venture	653,562	644,695
Restricted for cemetery	79,084	79,473
Unrestricted	<u>2,175,061</u>	<u>2,033,944</u>
Total net assets	<u>\$_2,907,707</u>	<u>\$ 2.758,112</u>

The remaining balance of unrestricted net assets (\$2,175,061) may be used to meet the government's ongoing obligations to citizens and creditors.

At the end of the eurrent fiscal year, Lodi Township, Washtenaw County, Michigan is able to report a positive balance in net assets for the government as a whole. The same situation held true for the prior fiscal year.

Financial Analysis of the Government's Funds

As noted earlier, Lodi Township, Washtenaw County, Michigan uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of Lodi Township, Washtenaw County, Michigan's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing Lodi Township, Washtenaw County, Michigan's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of this fiscal year.

As of the end of the current fiscal year, Lodi Township, Washtenaw County, Michigan's governmental fund reported an ending fund balance of \$2,254,145, an increase of \$143,652 in comparison with the prior year.

The General Fund is the chief operating fund of Lodi Township, Washtenaw County, Michigan. At the end of the current fiscal year, unreserved fund balance of the General Fund was \$2,175,061.

General Fund Budgetary Highlights

Differences between the original budget and the final amended budget were relatively minor. The Board realized when adopting the original budget that money would need to be transferred from the fund balance to help cover road repairs and other expenses. \$5,000 was budgeted to be transferred in to cover expected expenses not met by anticipated revenue. The township was pleased that interest rates had increased and therefore we did not need to transfer any money.

Money was paid from the cemetery fund to cover the initial repair costs for the cemetery fence. The remainder will be paid FY 2007/2008.

On going increase of sheriff protection costs also contributed to the need of use of some fund balance dollars.

Substantial increases in planning and legal costs can be attributed to State mandated changes in the zoning ordinance and legal defense of said ordinances in several court litigations. Increases are also attributed to an application for a private wastewater system to service 660 units. Preparation for the public hearing of that application was a sizable amount of money.

Election wages and supplies increased due to the new State election laws.

Funds needed were transferred from line items where the funds were not needed as originally budgeted.

Capital Assets

Capital assets. Lodi Township, Washtenaw County, Michigan's investment in capital assets for its governmental activities as of March 31, 2007, amounts to \$199,349 net of accumulated depreciation). This investment in capital assets includes land, buildings, furniture and equipment. The total increase in Lodi Township, Washtenaw County, Michigan's investment in capital assets for the current fiscal year was \$13,464.

Major capital purchases during the current fiscal year were storage closets, file cabinets and server.

Lodi Township, Washtenaw County, Michigan's Capital Assets

	Governmental <u>Activities</u>		
	<u>2007</u>	<u>2006</u>	
Land Buildings Furniture and equipment	\$ 35,090 135,516 28,743	\$ 35,090 133,761 28,997	
Total	<u>\$ 199,349</u>	<u>\$ 197,848</u>	

Additional information on Lodi Township's capital assets can be found in Note 5 on pages 19 and 20.

Economic Factors and Next Year's Budgets and Rates

When Lodi Township Board looks at a new budget, the State shared revenue and Township millages are considered. Lodi Township is a general law township with a decreasing 1 mill tax. Again, for 2007-2008 Lodi Township anticipates transferring money in from the fund balance to cover the cost of road projects. Due to required updating and amending of the General Development Plan and anticipated legal defense of the zoning ordinance we assume additional fund balance transfers will be needed for planning, engineering and legal line items.

Because the sheriff patrol is in question as to cost for the future, the Township may be asking for a millage for police services. At the time of this writing, it has not been decided upon.

Requests for Information

This financial report is designed to provide a general overview of Lodi Township, Washtenaw County, Michigan's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to Lodi Township, 3755 Pleasant Lake Road, Ann Arbor, Michigan 48103.

June 8, 2007

INDEPENDENT AUDITORS' REPORT

Lodi Township Washtenaw County, Michigan

We have audited the accompanying financial statements of the governmental activities, the major fund, and the aggregate remaining fund information of Lodi Township, Washtenaw County, Michigan, as of and for the year ended March 31, 2007, which collectively comprise the Township's basic financial statements as listed in the table of contents. These financial statements are the responsibility of Lodi Township, Washtenaw County, Michigan's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the major fund, and the aggregate remaining fund information of Lodi Township, Washtenaw County, Michigan, as of March 31, 2007, and the respective changes in financial position for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Page 2

June 8, 2007

Lodi Township Washtenaw County, Michigan

The management's discussion and analysis on pages i through v is not a required part of the basic financial statements but is supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise Lodi Township, Washtenaw County, Michigan's basic financial statements. The schedule of changes in assets and liabilities has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Robertson, Eaton & Owen, P.C.

NOTES TO FINANCIAL STATEMENTS

March 31, 2007

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of Lodi Township, Washtenaw County, Michigan (Township) have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to government units.

Effective April 1, 2004, Lodi Township, Washtenaw County, Michigan implemented the provisions of GASB Statement No. 34, Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments. Significant changes in the statement include the following:

- A Management's Discussion and Analysis (MD&A) section providing an analysis of the Township's overall financial position and results of operations has been included with the financial statements.
- Financial statements prepared using full accrual accounting for all of the Township's activities.
- A change in the fund financial statements to focus on the major fund.

These and other changes are reflected in the accompanying financial statements (including notes to financial statements). Lodi Township has elected to implement the general provisions of the statement.

A. Reporting Entity

The Township of Lodi is a noncharter township, governed by a Board of Trustees. As required by generally accepted accounting principles, these financial statements present Lodi Township as a primary government. There are no component units to the Township.

Lodi Township is contractually involved in a governmental joint venture with the Saline Area Fire Department. (See Note 6). The Saline Area Fire Department is a separate reporting entity. (The most current audit available is for the year ended June 30, 2006). Lodi Township only includes its share of investment and costs in these financial statements.

B. Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net assets and the statement of activities) report information on all of the non-fiduciary activities of the Township. The government-wide financial statements categorize primary activities as either governmental or business-type. All of the Township's activities are classified as governmental activities. Amounts reported in the funds as receivable from or payable to fiduciary funds are included in the statement of net assets as receivable from or payable to external parties, rather than as internal balances. Therefore, all internal balances are eliminated in the total primary government column.

NOTES TO FINANCIAL STATEMENTS

March 31, 2007

NOTE I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. The major individual governmental fund is reported as a separate column in the fund financial statements.

C. Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are eonsidered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures are recorded only when payment is due.

Amounts due from other governments and services provided associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the government.

The government reports the following major governmental fund:

The General Fund is the general operating fund of the Township. It is used to account for all financial resources except those required to be accounted for in another fund.

NOTES TO FINANCIAL STATEMENTS

March 31, 2007

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Additionally, the government reports the following fiduciary fund types:

The Tax Collection Fund is used to account for assets held by the Township as an agent for other governments and/or other funds. The Agency Fund is custodial in nature (assets equal liabilities) and does not involve measurement of results of operations.

When both restricted and unrestricted resources are available for use, it is the Township's policy to use restricted resources first, then unrestricted resources as they are needed.

D. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

E. Assets, liabilities, and net assets or equity.

1. Cash and investments

Cash includes amounts in cash on hand, demand deposits, except those deposits noted as investments (see below), as well as short-term investments with a maturity date within three months of the date acquired by the government.

Investments include money market and certificates of deposit where the intent is to hold funds long-term, as well as investments with maturity dates over three months of the date acquired by the government.

State statutes authorize the government to invest in Obligations of the U.S. Treasury, Federal Agencies, commercial paper, corporate bonds, repurchase agreements, and State approved Investment Pools.

Investments are stated at cost or amortized cost. The Township will use amortized cost only when it reflects fair value of the investment. Currently, no investments are stated at amortized cost.

NOTES TO FINANCIAL STATEMENTS

March 31, 2007

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Receivables and payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the eurrent portion of interfund loans) or "advances to/from other funds" (i.e., the noncurrent portion of interfund loans). Any residual balances outstanding in the governmental activities are reported in the government-wide financial statements as "internal balances".

Personal property taxes receivable is shown net of an allowance for uncollectibles. At March 31, 2007, there is no allowance for uncollectibles.

3. Property taxes

The Township property tax is levied on each December 1 on the taxable value of property located in the Township as of the preceding December 31.

The Township's 2006 ad valorem tax was levied and collectible on December 1, 2004. It is the Township's policy to recognize revenue from the current tax levy in the current year when the proceeds of this levy are made available for the financing of Township operations. Payment from the County Delinquent Tax Fund, which purchases the 2004 delinquent real property taxes, is recorded as a receivable and recognized as revenue in the eurrent fiscal year.

The 2006 adjusted taxable value of Lodi Township totaled \$361,074,503, on which ad valorem taxes levied for Township purposes were \$346,438. The millage rate was .9595. A special assessment of \$211,918 was levied for fire protection, which is based on the 2006 adjusted taxable value of real property only, which totaled \$353,214,713. The special assessment millage rate was .6000.

4. Prepaid items

Certain payments to vendors or in escrow accounts reflect costs applicable to future accounting periods and recorded as prepaid items in both government-wide and fund financial statements.

5. Capital assets

Capital assets, which include property, building, and equipment are reported in the governmental activities column in the government-wide financial statements. Capital assets are defined by the government as assets with an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

NOTES TO FINANCIAL STATEMENTS

March 31, 2007

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Property, plant, and equipment of the primary government are depreciated using the straight line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Buildings	50
Furniture and equipment	20
Office equipment	10

6. Fund equity

In the fund financial statements, governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose.

At March 31, 2007, there is a reservation of fund balance in the fund financial statements for cemetery activities of \$79,084.

A schedule of cemetery activity follows:

	<u>2007</u>	<u>2006</u>
Beginning reservation of fund balance	\$ 78,473	\$ 74,159
Add:		
Cemetery lot sales	6,500	1,500
Interest earnings	3,111	2,814
Less:	(0.000)	
Deposit on fence restoration	<u>(9,000)</u>	
Ending reservation of		
fund balance	<u>\$ 79,084</u>	\$ <u>78,473</u>

NOTE 2. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

A. Budgetary information

The accounting basis used by the Township for budgeting is in accordance with accounting principles generally accepted in the United States of America (GAAP).

The Township follows the budgetary procedures outlined by the State of Michigan including public hearings and proper adoption. All funds of the Township have a budget. All annual appropriations lapse at fiscal year end. The budgets are amended during the year as needed.

NOTES TO FINANCIAL STATEMENTS

March 31, 2007

NOTE 2. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY (Continued)

B. Excess of expenditures over appropriations in budgetary funds

P.A. 621 of 1978, Section 18(1), as amended, of the State of Michigan provides that a local governmental unit shall not incur expenditures in excess of the amount appropriated.

In the body of the financial statements, the Township's actual expenditures and budgeted expenditures for the budgetary funds have been shown on an activity basis. The approved budgets of the Township for these budgetary funds were adopted to the activity level.

Lodi Township did not incur expenditures in the General Fund in excess of amount appropriated. Two line items in the General Fund incurred expenditures which were in excess of the amounts budgeted, as follows:

General Fund	Appropriations	Amount of Expenditures	Budget <u>Variance</u>
General Government: Computer software and support	\$ 5,000	\$ 6,233	\$ 1,233
Board of Review, Appeals and Planning Commission	58,168	62,763	4,595

NOTE 3. DEPOSITS AND INVESTMENTS

Deposits

At year end, the carrying value of the Township's deposits was \$75,222 and the bank balance was \$131,718. The total bank balance is classified in the following three categories of credit risk: (1) Insured or collateralized with securities held by the Township or by its agent in the Township's name. (2) Collateralized with securities held by a pledging financial institution's trust department or agent in the Township's name. (3) Uncollateralized. (This includes any bank balance that is collateralized with securities held by a pledging financial institution or by its trust department or agent but not in the Township's name.)

NOTES TO FINANCIAL STATEMENTS

March 31, 2007

NOTE 3. DEPOSITS AND INVESTMENTS (Continued)

CATEGORIES

	1	2	3	<u>Total</u>
General Fund Tax Collection Fund	\$ 105,003 26,715	\$	\$	\$ 105,003 26,715

Due to higher cash flows during certain times of the year, especially when property taxes are being collected, deposits of the Township increase significantly. As a result, the amounts classified in category 3 at those times of year were substantially higher than at year end.

Bank balances shown in Category 1 are insured by Federal Depository Insurance.

All deposits are with banks located in Michigan as required by statutes.

Investments

The Township's investments are classified in the following three categories of credit risk: (1) Insured or registered, or securities held by the Township or its agent in the Township's name. (2) Uninsured and unregistered, with securities held by the counterparty's trust department or agent in the Township's name. (3) Uninsured and unregistered, with securities held by the counterparty, or by its trust department or agent but not in the Township's name. The Township had investments with carrying value and bank balance of \$2,201,323 at year end.

CATEGORIES

	1	 2	3	Cost <u>Value</u>	Fair <u>Value</u>
Certificates of Deposit and Money Market Accounts	\$ 700,000	\$ -	\$1,501,323	\$ 2,201,323	\$ 2,201,323

					<u>\$ 2,201,323</u>

17

NOTES TO FINANCIAL STATEMENTS

March 31, 2007

NOTE 3. DEPOSITS AND INVESTMENTS (Continued)

The Township limits its exposure to interest rate risk by limiting the term of investments (certificates of deposit) to one year or less, as noted above.

The Township limits credit risk by having investments in a number of banks. However, there is still a portion that is uninsured.

The custodial credit risk of investments is limited. However, the percentage of Township investments held in each separate bank ranges from 33% to 2%.

NOTES TO FINANCIAL STATEMENTS

March 31, 2007

NOTE 4. RECEIVABLES

Receivables as of year end for the Township's major fund, including the applicable allowances for doubtful accounts, are as follows:

	<u>Gen</u>	<u>General Fund</u>				
Receivables:	<u>2007</u>	<u>2006</u>				
Taxes Accounts Accrued interest	\$ 17,689 2,160 6,703	\$ 20,126 2,490 3,946

Net depreciable capital assets	162,758	<u>3,458</u>	(1,957)	164,259
Governmental activities - net capital assets	<u>\$ 197,848</u>	<u>\$ 3,458</u>	<u>\$ (1,957)</u>	<u>\$ 199,349</u>

NOTES TO FINANCIAL STATEMENTS

March 31, 2007

NOTE 5. CAPITAL ASSETS (Continued)

Depreciation expense charged to functions is as follows:

Governmental activities:

General government \$\frac{\$10,006}{}\$

Total depreciation expense – governmental activities

\$ 10,006

NOTE 6. CONTRACTUAL COMMITMENT – SALINE AREA FIRE DEPARTMENT

The Township is a participant with the City of Saline and the Townships of Saline and York in the operations of the Saline Area Fire Department (the SAFD), a volunteer fire department organized for the purpose of providing fire protection for the City and Townships. The SAFD is governed by an eight-member Board whose directors are selected and approved by the respective City and Township Boards. The Board annually approves an operating budget for the SAFD and is responsible for all operating and financing decisions of the SAFD.

Under the terms of the agreement, the Township pays a percentage of the cost of capital outlay and operating expenditures for the Fire Department. This percentage, which is currently 31.37%, is reviewed and adjusted as necessary on an annual basis based upon real and personal state equalized value, service area, population, miles of roads, and family dwelling units.

The ownership of all personal property and an equitable interest in all real estate acquired by the Fire Department is vested in the Township in direct proportion to the contribution made by the Township to the cost of the related real and personal property. If the agreement is terminated by the Township by notice of withdrawal, the capital interest of the Township will be returned to the Township in five equal annual installments commencing one year after the date of withdrawal, plus interest at the rate of 6% per annum on the unpaid balance.

NOTES TO FINANCIAL STATEMENTS

March 31, 2007

NOTE 6. CONTRACTUAL COMMITMENT – SALINE AREA FIRE DEPARTMENT (Continued)

Condensed financial information related to the SAFD as of June 30, 2006 and 2005, is as follows:

	Governmental <u>Activities</u>	
Statement of Net Assets:	<u>2006</u>	<u>2005</u>
Total assets	<u>\$ 1,838,170</u>	\$ 1,758,082
